

# Beasley's Boarding & Grooming

## Vaccination & Health Requirements (Colorado)

Who this applies to:

All dogs visiting for daycare, overnight boarding, or grooming

---

### Required Vaccinations (Dogs)

1. Rabies — required by Colorado law for all dogs 16 weeks+; proof from a licensed veterinarian
  - Must be current (1-year or 3-year per your vet's certificate).
  - Puppies: due at ~16 weeks; we cannot accept dogs overdue for rabies.
2. Distemper/Parvovirus (DHPP or DAPP) — *required for facilities under Colorado's PACFA program updates*
  - Must be current per your vet (typically 1–3 years after the puppy series).
  - Puppies must be actively completing their series; see "Puppies" below.

Bring proof: Vet-issued records showing vaccine names, dates given, and due dates.

### Required Vaccinations (Cats)

1. Rabies — required by Colorado law
  - Must be current (1- or 3-year per vet record).
  - Cats 16 weeks+ must have a valid certificate from a licensed veterinarian.
2. FVRCP (Feline Viral Rhinotracheitis, Calicivirus, Panleukopenia) — required under Colorado PACFA facility rules
  - Must be current per your veterinarian's schedule (typically 1–3 years after kitten series).
  - Kittens must be actively completing the series.
